We launch the first excellence awards for design, branding and communication professionals in Latin America.

CLAP Awards, International Design, Branding and Communications Awards, recognize the best work of graphic design professionals in Latin America, USA, Brazil, Spain and Portugal, made between 2012 and 2013. They are summoned together by FOROALFA and International VEREDICTAS – leading agency specialized in certification standards of excellence that organizes, among others, the ANUARIA’ graphic design awards in Spain and Portugal since 20 years ago – and they have the support of prestigious organizations in this profession: Brazil Design Center, Design Mexico, Metropolitan Design Center in Buenos Aires, the Graphic Designers Association of Brazil, Grafitat of Ecuador, Mexico Quorum, the House of Design Uruguay, Chile Design, Graphic Designers Association of Colombia, the Academic Network Design of Colombia, Barcelona Disenny Centre, among others.
